

## THE CLIMATE REGISTRY

### TCR-Recognized Verification Bodies

The following verification bodies are eligible to conduct third-party verifications of greenhouse gas (GHG) inventories reported to The Climate Registry (TCR). Unless noted otherwise, all verification bodies listed below are accredited by the [ANSI National Accreditation Board \(ANAB\)](#) to ISO 14065. TCR Members wishing to have their inventories third-party verified should contact the verification bodies listed below to request a quote for verification services.

<sup>1</sup> TCR Members may contract with a verification body that is applying for ANAB accreditation, a process which includes completing an inventory for a TCR Member. Upon ANAB's positive assessment of the verified inventory, the verification body will receive ANAB accreditation. **Please note** that the applicant verification body needs to receive ANAB accreditation in order for the TCR Member's verified report to be published on TCR's website.

For further information on working with applicant verification bodies, please review TCR's [Guidance on Accreditation, Appendix B: Frequently Asked Questions](#). For further information on the ANAB accreditation program for GHG verification bodies, please refer to [ANAB's website](#).
